Excellency,

I write to inform you that in the course of its 78th session, the Committee considered replies provided by the State party in relation to the Committee's decision 1(77) (copy attached for ease of reference) on ethnic violence in southern Kyrgyzstan in June 2010, transmitted to you under its early warning and urgent action procedure. The Committee thanks the State party for responses provided in the Permanent Mission's note verbale dated 18 January 2011.

While noting responses provided by the State party, the Committee would like to request the State party to provide additional and detailed information on measures taken to reconstruct destroyed houses in particular those belonging to persons of Uzbek community, in territories where they were living before the conflict; measures taken to conduct impartial investigations of acts of violence, in particular against the Uzbek community and to bring all perpetrators to justice; actions taken to facilitate access to justice, particularly for victims of Uzbek origin and to provide them with adequate redress or to their families. The Committee also requests the State party to inform the Committee on the number of trials that already took place and sanctions imposed for those responsible. The Committee would also like to receive clarification as to why detained persons accused of having been involved in the June 2010 violence are mostly from the Uzbek community, although the majority of victims of violence were Uzbek.
